

Moon Phase Memory Game

Here's an "out of this world" brain challenge for the whole family.

Suggested Age: 5-7 years

Materials Needed:

- ✓ Set of 12 Moon Memory Cards (see attached)
- ✓ Brown paper grocery bag
- ✓ Glue
- ✓ Scissors

Set Up Time: 5 min

Time To Do: 15-20 min

Set Up

- Print out the Moon Memory Cards sheet and cut out each of the 12 cards.
- Using a brown paper grocery bag, cut out 12 rectangles that are a bit larger than the Moon Memory Cards.
- Glue each of the Moon Memory Cards to one of the brown rectangles.

What To Do

- After printing, cutting, and gluing the cards, lay all the cards face down so that the photo of the Moon is hidden.
- Each player gets to turn over two cards per turn. If they turn over two cards that match, the player gets to keep the cards. If they don't match, they must turn the cards back over (face down) and either give the next player a turn or try again until all cards have been matched.
