

ASTRONOMICAL SOCIETY OF THE PACIFIC

ASP2024 Sponsorship Information

Each year the ASP holds an Annual Conference. Traditionally referred to as the *ASP Annual Meeting*, it has evolved into a multi-day, virtual conference.

Our conferences support those who are involved in science education, outreach, and communication at any level and for any audience. It's affordable, carbon-friendly, and convenient option for attending a full professional conference in astronomy and space science.

Attendees will experience inspirational speakers & panelists, participate in engaging workshops & discussions, see friends & colleagues from around the world, and share with others the latest findings from their innovative teaching & public engagement work.

Become an ASP2024 Sponsor at any of the levels below!

Overall statistics: We email potential attendees each week to over 7500 community partners as well as 35 public relations contacts in our astronomy partnership network.

Sponsors receive: We will place sponsorship logos on all email exchanges, our conference website, and the home page of the ASP2024 Conference Portal with links to your requested website page. Our 3-day virtual conference attendance ranges from 150-350.
